

CITY PROFITS MAY GO TO PAY BOND DEBTS

Councilmen Plan to Use Water and Light Surplus and Reserve Fund.

Walker Presents Ordinance for Punishment of Theater Managers.

The motion of Percy Klass, councilman from the Third Ward, to pay \$25,000 of the city's bonded indebtedness of \$142,000 from the net profits of the water and light department and from the city sinking fund which was tabled last night at the City Council meeting until next meeting when a legal opinion will be obtained from the city attorney.

The plan as outlined would take \$15,000 from the net profits of the water and light department, which amounts to over \$64,000, and \$10,000 from the sinking fund which now amounts to \$21,027.66. The bonds are payable in ten years but some can be paid off April 1. All of the councilmen seemed to favor the act but several wanted time to deliberate on the matter. Thirty days notification is required by law before these bonds can be paid.

Councilman O. D. Kellogg said that from all first appearances it seemed the proper thing to do, but that he thought that if possible, the city ought, at some time in the future, to use some of these funds for the establishment of a park at the plant, pave the street leading to the park, furnish a playground for the children of the north side and perhaps build a public swimming pool.

The motion for bringing the question up at an adjourned meeting of the council died for want of a second.

Walker Wants to Censor Theaters.

Councilman Lee Walker said that he had been requested to present an ordinance providing for punishment of managers of theaters showing suggestive and offensive vaudeville and pictures. Dr. A. W. Taylor of the Bible College addressed the council, telling them of the need of such a regulatory measure. The ordinance, which passed, is the one recommended by the National Board of Review in as far as such an ordinance would be drawn up under the laws of the state. It provides that a special officer be appointed to see the programs or that a policeman can make the charge.

The Rev. Madison A. Hart addressed the council asking that James M. Pennington be reinstated as health officer. Mayor Batterson said that Mr. Pennington would be on duty Monday. Then it was learned that he had already gone on duty.

Light Petitions Go to Committee.

The minor motions passed were the authorization of paying \$5,306.34 from the water and light fund for expenses, \$1,853.35 from the general revenue fund, \$207.25 from the Conley Poor Fund and \$143 from the security fund. The matter of putting in sidewalks in various parts of the city, where they do not extend to the curb, was referred to the street committee, city engineer and the city attorney. The petitions for street lights on Range line, Sexton road, Cauthorn avenue, Matthews and Tandy streets and water mains on Range line and Bouchelle boulevard were referred to the water and light committee, to be reported at the next meeting.

James Taylor wanted to rent the city dumping ground, saying that he was willing to pay cash in advance for the privilege. The matter was held over for investigation.

The motion for the authentication of the revised city ordinances which are now in the hands of the printer was passed.

Dr. A. W. Taylor said that those interested in the city manager plan of city government had not as yet decided about a meeting for the advancement of their plan for this form of municipal government but as soon as a meeting was scheduled, the council would be notified.

The report of the city engineer favoring an amendment of the ordinance for the assessment and levying of extra tax bills on Hickman avenue from Eighth to Third streets passed. This repeals sections 12 of the ordinance, substituting 12a and 12b. This ordinance was made necessary because of an error in the abstracts of John C. Schwabe and James Pennington.

The selling of the old barn at the water works was left to the discretion of the water and light committee.

The council voted to advertise for bids for the building of walks on Walnut street from Price avenue to Williams street.

The city engineer reported the completion of the work in sewer district No. 41, recommending the passage of an ordinance for the assessment and levying of special tax bills on the property owners on the district for the improvements. This was passed.

DISCUSSES CARNEGIE LIBRARY

Tuesday Club Receives Contributions for Fund at Meeting Yesterday.

The Carnegie Library and the woman movement were discussed at the Tuesday Club meeting yesterday afternoon in the Y. M. C. A. Auditorium. The reports of the secretary, treasurer and librarian of the club were read, and the new members, Mrs. C. D. Matthews, Mrs. D. E. Major, Mrs. W. S. Gage, Mrs. J. D. Wilson and Mrs. Manuel Drumm were formally voted into the club.

Mrs. L. T. King told the club about the Carnegie Library at Excelsior Springs. Excelsior Springs has only 5,000 inhabitants and yet it has a library and public park.

Mrs. C. F. McVey, Mrs. Rosa Ingels and Mrs. J. E. Thornton each promised \$5 toward the library fund for the Tuesday Club. Three other Tuesday Club members promised \$5 each at the library meeting last week. The club hopes to have ten members to give \$5 each toward the new library.

Mrs. W. E. Harsha spoke on the woman movement. "The progress which the modern woman is making is not out of keeping with the trend of civilization," Mrs. Harsha said. "That women stand together on this new movement is illustrated by the way they have united in support of the foreign mission question. The home, the school, the city and the church

are the institutions which the woman movement is interested in," Mrs. Harsha said. Great women such as Hannah, Esther and Ruth are represented in modern society, and great women sacrifice themselves for their cause, she thinks.

Mrs. George Troxell spoke on the subject of child welfare. She said "Few Missourians appreciate the bulk of crime with which the state is burdened. It costs Missouri an average of \$880 a year to keep one child in a state institution for delinquents. Much has been done to help keep children out of such institutions. Such organizations as the Campfire Girls and Boy Scouts have done much to keep children out of state institutions." Mrs. Troxell said some of the provisions of the proposed children's code of Missouri are mothers' pensions, care of illegitimate children, compulsory education and a board of public welfare for every county in the state. Boone County has 2,300 school children and is a field large enough for child welfare work, Mrs. Troxell thinks.

Prof. J. E. Wrench addressed the club on the Portmanteau Theater, which is coming to Columbia Friday, February 16. Professor Wrench spoke highly of the plays which are to be presented here. He urged the people of Columbia to avail themselves of the opportunity of seeing these dramatic productions.

LIBRARY MIRROR GONE AGAIN

Reflector of Men's Graces Is Taken the Second Time.

That adventurous mirror that is wont to hang in the men's room in the University Library has disappeared again. It was taken after 6 o'clock Saturday afternoon, according to H. O. Severance, librarian. In its place now hangs the sign: "What has become of it? We want it back."

The mirror was taken during the 1916 M men's initiation, but was returned.
